II. OVERVIEW

Pumpkin Hill residents live in a shared community. Maintaining a quality environment requires that each resident be acutely aware of the rights of neighbors. This awareness includes matters, such as parking, observing the speed limit, and the control of pets. It also extends to such intangibles and not as easily defined matters associated with tastefulness of exterior decorations, outside plants, and personal conduct.

Living in a shared community has both rewards and benefits. It also imposes certain obligations and restrictions. The following rules and regulations set forth in this booklet provide a standard for maintaining Pumpkin Hill as an outstanding community where residents may enjoy living and where property values will be preserved.

The rules are based on the Declaration of Protective Covenants, Conditions, Restrictions, Easements, and the By-Laws of the Pumpkin Hill Homeowners Association, Inc. They are intended to assure consistency and uniformity. Adherence to these rules and regulations is the responsibility of all the residents of the Pumpkin Hill community. Additionally, homeowners are responsible for assuring that their tenants, guests, contractors, and invitees comply with these rules and regulations. Any owner selling his/her townhouse should advise their real estate agent(s) of the existence and content of these rules and regulations. Upon the sale of any townhouse, the former owner should pass on to the new owner the booklet which contains afore mentioned governing documents. It is assumed that each homeowner maintains these materials for reference in conjunction with this Rules and Regulations Booklet. Copies of the governing documents can be purchased by calling the management office.

The rules and regulations may be added to, amended, or repealed at any time by a resolution of the Pumpkin Hill Board of Directors subject to approval by a majority of townhouse owners as may be deemed necessary for the safe and efficient maintenance of the Pumpkin Hill Townhouse development (By-Laws, Schedule A). A townhouse owner may apply to the Board of Directors for a temporary waiver of one or more of the foregoing rules. Such temporary waiver may be granted by a majority of the Board of Directors, if good cause can be shown for temporarily setting aside a specific directive.

Enforcement of policies, such as found in the By-Laws is the duty of all residents, but the ultimate responsibility of adoption, amendment, and enforcement of rules and regulations not inconsistent with the By-Laws, covering the details of operation and use for the property rests with the Board of Directors (Amendments to By-Laws, 10/16/93; By-Laws, Schedule A, 2-02(H)).

Homeowners who observe rule violations may report them to the management company by telephone or preferably in writing, providing the following information:

- a. Specific description of incident or problem
- b. Location, time, date(s) of incident
- c. Name(s), address(es) of person(s) involved in incident or problem
- d. License plate number(s), description of any vehicle(s)

III. GENERAL INFORMATION

A. BOARD OF DIRECTORS

The affairs of the Pumpkin Hill Homeowners Association are managed by the Board of Directors. Under the By-Laws the Board is granted the power and duties necessary for the administration of the affairs (By-Laws, Section 2-02). The Board has contracted with a management company to aid in the performance of its duties. The Board is composed of nine (9) persons (Amendment to By-Laws, 10/16/93) all of whom are owners or co-owners of townhouses who have been residents of Pumpkin Hill for at least six months. The members of the association (homeowners) elect the Board members who serve a three (3) year term. At least twelve Board meetings are held during each fiscal year. Homeowners are encouraged to be involved with the affairs of the association. Any homeowner who is interested in serving on the Board of Directors may contact the management company or any Board member for more information. Elections to fill regular term openings are held at the bi-annual meeting in August.

B. MONTHLY ASSESSMENTS

Annually the Board of Directors will prepare a budget for the Association which includes projections of common elements (common expenses shared by each homeowner), common revenues (from sources other than assessments of lot owners), and an allocation and assessment of such common charges against homeowners as provided in the Declaration (By-Laws, Section 5-01). This budget is currently distributed at the August biannual meeting. Some uses of these common charges (assessments) include payment of expenses of administration, maintenance, repair and replacement of the common elements; insurance premiums; working capital reserve; general operating reserve; and capital improvement fund (By-Laws, Section 5-01).

Monthly assessment payments for Pumpkin Hill Homeowners Association are due on the first day of each month. A late charge is incurred for any assessment received after the 10th day of the month. Additionally, there is a charge for any personal check returned by a financial institution for insufficient funds. Assessment payments must be sent to the management company. Payment coupons to facilitate these monthly payments are provided before the beginning of each fiscal year.

Seriously delinquent accounts will be turned over to the Association attorney for collection and possible foreclosure action. (By-Laws, Section 5-04, 5-05)

C. MAINTENANCE SERVICE

In accordance with the Association's governing documents, the Association is responsible for all maintenance and repair to the common areas of the property, including the sidewalk, the driveways, the parking areas, and private roadways, as well as the exterior siding, gutters, downspouts and roofs. The Association is not responsible for the repair or replacement of doors, windows, and sky lights. In addition, the Association provides snow plowing and landscaping services including lawn mowing, fertilization, weed control, trimming shrubs and trees in the front shrub beds, and periodic mulching in these front shrub beds and common landscaped areas (Declaration, Articles Nine and Ten). Homeowners are encouraged to water their lawns, shrubs, and trees, as payment of the water bill is included in the homeowner's assessment charge. Requests for maintenance that is the responsibility of the Association should be called into the management company's office during normal business hours. For further details regarding homeowners and the Association's maintenance responsibilities, please refer to the Maintenance Responsibility Chart located in the Appendix.

D. INSURANCE

The Association's master insurance policy covers property losses for the structure of the townhouses and insurance against liability for personal injury, death, and for damage to property arising from accidents occurring within the common elements (By-Laws, Section 5-13, 5-14). Homeowners who need a certificate of insurance for the Association policy for themselves or their mortgagee should call the insurance agent directly. The management company can provide this information. Individual homeowners should maintain a separate insurance policy (HO-6 all risk) for the interior and contents of one's townhouse and betterments and improvements coverage of all upgrades or improvements made that were not originally offered by the original sponsor of Pumpkin Hill. Also, liability insurance covering the interior of individual properties is recommended. If a loss is incurred that is totally confined to the interior of a townhouse, a claim should be submitted to the individual owner's insurance company. If the claim involves a loss on the outside of the townhouse, contact the management company.

E. SNOW REMOVAL

In accordance with the Association Governing Documents (Declaration; By-Laws, Section 8-01) the Association is responsible for all snow removal from hydrants, roadways, parking areas, and walkways on Association property. However, shoveling of the front steps and stoop is the responsibility of the individual homeowner. The Pumpkin Hill maintenance crew is responsible for clearing the walkways, fire hydrants, around the mailboxes and club house steps and porch. Snow plowing service is contracted out by the management company (with consent of the Board) each season. The Association does not provide any salting of driveways or walkways. In the event that a resident is unable to retrieve their mail

from their mailbox because of any health issue or condition relevant with age, arrangements can be made by the resident with the Post Office (see phone number section in the front of this manual) for the letter carrier to deliver their mail directly to their door.

F. TRASH REMOVAL

Trash removal service is provided by the Association and is scheduled on a weekly basis. Currently the pick-up day is Friday. If there is a holiday occurring in the week, the pick-up day may be changed for that week. Notice of a change in pick-up date is generally posted on the bulletin boards located at each end of Sleepy Hollow. Trash should be placed in covered trash cans, securely closed, preferably with the street and house number displayed on the container so it can be returned to the appropriate townhouse if the receptacle is blown away from the property. Recyclables must be placed in an approved recyclables container and secured or weighted down to prevent objects from falling out or blowing away. Trash and recyclables must be placed near the end of the driveway, not earlier than 8:30 PM the night before pick-up or no later than 6:30 AM the day of pick-up to guarantee pick-up. All trash and recyclable containers must be returned to the garage no later than the end of the pick-up day. Any questions regarding what items can be placed for recycling or other questions or complaints should be directed to the trash removal company. Arrangements should be made with the trash removal company for pick-up of any large items, such as a hot water heater. The name and phone number of the trash company can be obtained from any Board member or the management company.

G. WATER

There are two main water lines that service the Pumpkin Hill community. Each of these lines has a separate water meter, by which usage is billed to Pumpkin Hill. The cost of water usage is paid through each homeowner's association fee. There are no individual property meters. The charge for sewage is based on water usage and is billed by the Town of Chili. The sewage bill is calculated yearly based on the previous year's water usage. Any evidence or suspicion of a water leak should be reported immediately to the management company as both the water bill and sewage bill are affected by any break or leak. Water leaks inside a townhouse, such as a leaking faucet or toilet are the homeowner's responsibility.

H. COMMUNITY BULLETIN BOARDS

There are two standing bulletin boards at each end of the Sleepy Hollow roadway, which are used by the Board of Directors to announce and inform residents of important information or events. Some examples are change in trash pick-up date, community garage sale, Christmas party, and bi-annual meetings.

I. GARAGE SALE

The Association sponsors an annual garage sale, whereby all homeowners have an opportunity to participate. Individual garage sales are not permitted. Any homeowner who holds a garage sale not sponsored by the Association will be fined

\$25.00 for every day that the violation continues, as permitted by the By-Laws (By-Laws, Section 2-02(P)5). Estate Sales may be approved by the Board under certain circumstances. A variance request should be submitted to the Board for approval in advance of any planned Estate Sale that includes the reason of the sale, date(s) and time of the sale, and the name of the company conducting the sale.

J. LEASING OF TOWNHOUSE

No townhouse or any portion thereof may be rented or leased or used for commercial purposes without the prior written consent of the Board of Directors. (Declaration, Article Eleven and By-laws, Section 7-03) Upon written approval from the Board, any homeowner who leases their townhouse to another party must inform them of, and include in the lease, a requirement that the tenant must follow the guidelines set forth in this rules and regulation manual as well as the Declaration and By-laws of the Pumpkin Hill Homeowners Association. The homeowner must require the tenant to sign a Lease Addendum certifying that the tenant has read a copy of these aforementioned documents. A Lease Addendum form can be obtained from the management company.

K. SALE OF TOWNHOUSE

When planning to sell a townhouse inform the Board of Directors so that the sale can move as effectively and efficiently as possible for both the seller and the buyer. Advise the real estate agent (if applicable) that stated in Schedule A of the By-laws, item 15, "No 'For Sale' signs or other window displays or advertising are permitted on any part of the property, except with the written approval of the Board of Directors."

Some tasks that will enable a smooth transition to the new homeowner:

- Return the pool key to the Property Management Company or any Board member
- Transfer all pertinent governing documents (named in the Overview By-Laws, Section of this booklet) to the new homeowner
- Review these Rules and Regulations with potential buyers

L. BIENNIAL ASSOCIATION MEETINGS

There are two biannual meetings of the Association held in August and February of each year where open discussion is welcome. All homeowners are encouraged to attend these two meetings, and are invited to attend all Board meetings which are held at the clubhouse. At the August biannual meeting the fiscal budget for the forthcoming year is introduced and explained by the Management Company and the Board. Additionally, at this meeting members of the Association (all homeowners) elect Board Members to fill any vacancies created by expiring terms (By-Laws, Section 3-01).

The President may and shall call a Special Meeting of the Association if a petition is presented to the Board by members representing twenty-five percent (25%) of the

voting Association membership. The notice of any special meeting shall state the time and place of the meeting, and the purpose. No business shall be transacted at a special meeting except as stated in the notice (By-Laws, Section 3-02).

M. COMPLAINTS REGARDING MANAGEMENT AND/OR LEVEL OF SERVICE

The Board of Directors contracts with a property management company to manage and facilitate the outsourcing of services, which are required by the governing documents mentioned in the Overview section of this manual. The Board oversees the decisions made by the property management company and under most circumstances, must approve these decisions before they are implemented. Complaints regarding the quality of services provided and/or barriers in communication should be submitted in writing to any Board Member to be investigated and addressed by the Board (By-laws, Schedule A-18).

IV. ARCHITECTURAL GUIDELINES

No alterations or additions may be made to the exterior of your townhouse or to the common areas of Pumpkin Hill without the prior written consent of the Board of Directors or its duly appointed Architectural Committee. Any homeowner who wishes to make any such changes, including but not limited to adding or removing a shrub or tree, installing a storm door, and replacing a garage door must complete and submit a Variance Request form, which can be obtained from the property management company or the chairperson of the Architectural Committee (see Appendix-Variance Request form).

Any resident that is not current in payment of their monthly assessment fees is not permitted to use these facilities. All persons must follow posted rules and residents are responsible for the conduct of their guests. Listed below are some of the swimming pool rules, other rules are posted at the pool site and included in the Pool Rules document mentioned above:

The rental fee is forfeited if a homeowner reserves the clubhouse and signs a rental agreement, but later cancels.

Due to the popular demand of renting the clubhouse on certain holidays, a lottery system is utilized to assure fairness to all homeowners. Any homeowner interested in renting the clubhouse on any of the holidays listed below should submit their name to the Board Member serving on the Clubhouse Committee by the request due date also indicated below. If a drawing for specific holiday(s) is indicated the winner will be notified shortly after the drawing is held. The homeowner must sign a clubhouse rental agreement, pay the rental fee, and pay the security deposit within one week of notification. Violations of any of these regulations are subject to a fine or other appropriate action, such as **towing at the offender's expense** (Amendment to By-Laws, Oct 1993; By-Laws, Section 2-02H, 2-02P, 2-02Q, 5-18B; By-Laws, Schedule A-26).

XI. PETS

These rules have been formulated in order to maintain property values, uphold congenial community relations, and provide for the welfare of all pets. To this end it is also necessary that pet owners keep their pets under control at all times and are responsible for seeing that their pets do not cause a nuisance such as excessive barking, or otherwise frighten or annoy residents or their guests.

1. Townhouse owners shall be permitted to keep two (2) dogs or two (2) cats, or one (1) dog and one (1) cat **ONLY IF** such animals do not disturb or annoy other residents (By-Laws, Schedule A-28).
2. Dogs must be kept on a leash at all times (By-Laws, Schedule A-28).

6. It is requested that cats be kept inside, especially during the late night and early morning hours.
7. Cats are not permitted to roam property. If outdoors they should be on a leash.
8. No pet houses are permitted outdoors.
9. Pet owners are responsible for any property damage caused by their pets. Damages will be repaired at the owner's expense.
10. Complaints/concerns regarding unleashed/roaming/stray animals, as well as animal nuisance or animal abuse situations may be referred to the Animal Control authority listed under Important Telephone Numbers in this booklet.
11. If the animal is a known pet of a Pumpkin Hill resident, a Board Member should be contacted to handle the situation instead of the Animal Control authority.

XII. AUTHORITY and ENFORCEMENT

The Board of Directors shall have the powers and duties necessary for the administration of the affairs of the Association to the extent as outlined in Section 2-02(H) of the amended By-Laws. It reads that the Board is conferred with the power for the "adoption, amendment and enforcement of rules and regulations not inconsistent with these By-Laws, covering the details of operation and use for the property." Additionally, Section 2-02(P) of the By-Laws gives the Board of Directors

the authority to levy fines against members for violations of the rules and regulations established by it to govern the conduct of the members, provided that no fine may be levied in an amount in excess of twenty-five dollars (\$25.00) for any one violation. But for each day a violation continues after notice, it shall be considered a separate violation.

It is also the responsibility of the Board of Directors to attempt to recover assessments plus any interest added to the unpaid debt. Proceedings to foreclose on the property are among the actions that can be brought against the townhouse owner who is in default. Furthermore, expenses of the proceeding, including reasonable attorney's fees are payable by the offender (By-Laws, Section 5-04, 5-05).

The Board of Directors reserves the right, subject to approval by a majority of townhouse owners, to amend, repeal, or add to these Rules and Regulations [refer to Schedule A of By-Laws] from time to time as may be deemed necessary for the same and efficient maintenance of Pumpkin Hill Town home development and for the comfort and convenience of the occupants thereof.
