

Golf Carts

Golf carts should only be driven on Rosepark's streets and on the designated golf cart/service vehicle 'path' to minimize property damage and respect other residents' space.

The golf cart route starts and ends to the **right of light pole #13** on Lakeview Way. It runs along the side of the berm to the lake, and along the side of the boardwalk to the beach.

Golf cart parking is along the lakefront, in the area between the lake access ramp and the kayak access ramp.

Children should drive golf carts only when accompanied by an adult. Guests driving golf carts need to be informed of this policy, and instructed to drive at a safe speed.
