

Welcome to:

ENUMERATE ●
ENGAGE ● ● ● ● ●

Empowering residents and boards with a modern interface for payments, communication, documents, and calendars.

Owner Invitations

Owners will receive a **welcome email** with a secure link to set up their password.

Your Association administrator has created an account for you with the following user name:
youremail@email.com

To join Enumerate Engage, please visit us at:

https://engage.goenumerate.com/s/trainingdemo/password_reset.php?welcome=1&token=5fc1920a10671008a8f96570b13aad88e94331dd

The system will ask you to create a new password.
The link will expire after 7 Days for security reasons.

To customize your email and mobile notifications, go to My Account > Settings > Notification Preferences.

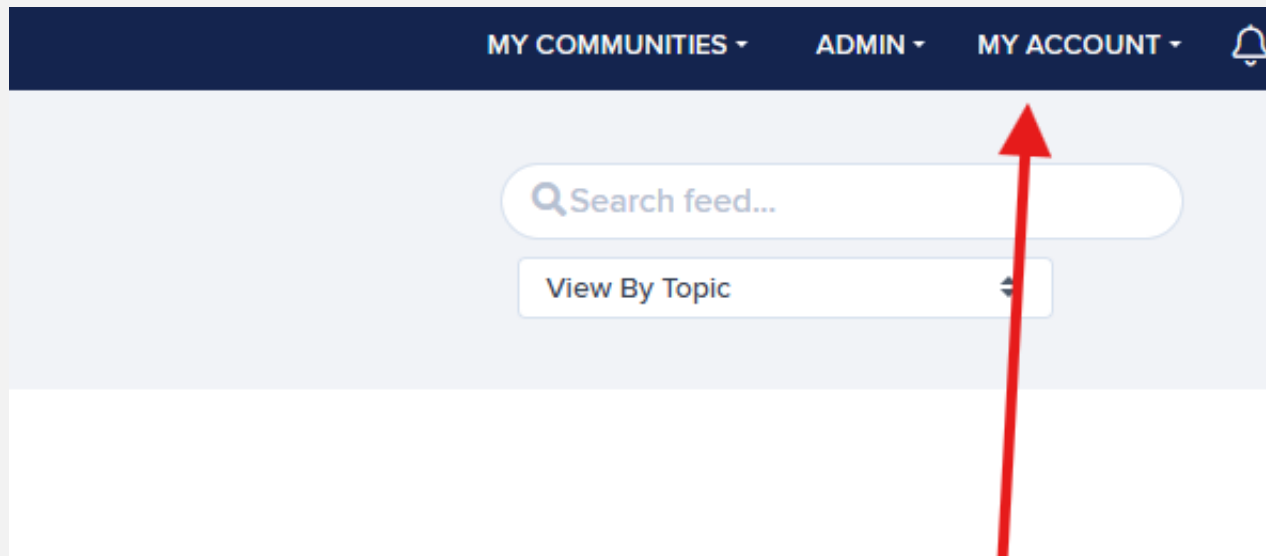

Don't want to use Enumerate Engage? Click here to unsubscribe:

Account Management

Access Engage at engage.goenumerate.com.

Click **My Account**.

Account Management

The **Profile** tab is where you can update your account information, profile photo, and visibility settings.

Under **Settings**, you can set your notification preferences, change your password, and create household accounts for your family members.

The **My Activity** tab displays all your form submissions.

The **Notices & Requests** tab shows your violations, work orders, and ARC requests.

The **Payments** tab takes you to the pages for one-time payments, payment methods, and payment history.

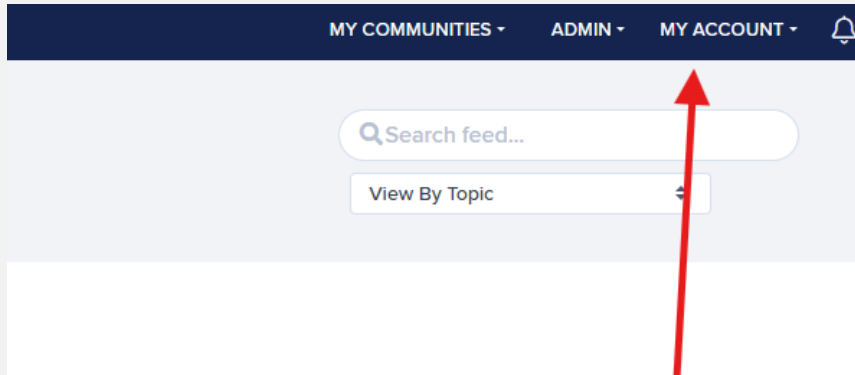

The **Support** tab shows the ticket system and the FAQ section.

What are Household & Renter Accounts?

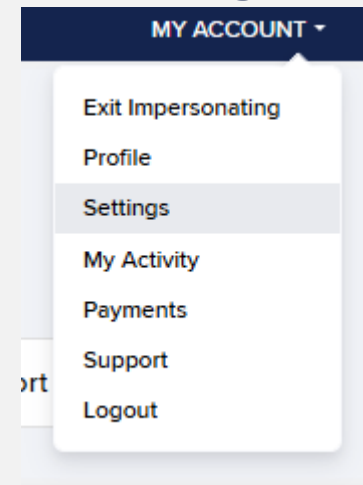

- Household accounts are accounts for family members residing in the same property address.
 - These accounts can integrate with some of the primary account's data.
 - Household members can access and view:
 - Payments, Violation Notices, Work Orders, ARC Requests, & other site content associated to the property address.
- Renter accounts are accounts for renters residing at the property address.
 - Renter accounts are similar in function to Household accounts; however, they do NOT have access to the Primary Owner's financial information or notices and requests.
 - Renter members can access and view:
 - Community Feed postings, Resources & other site content determined by your site admins.

How to add additional Residents & Renters to your Property

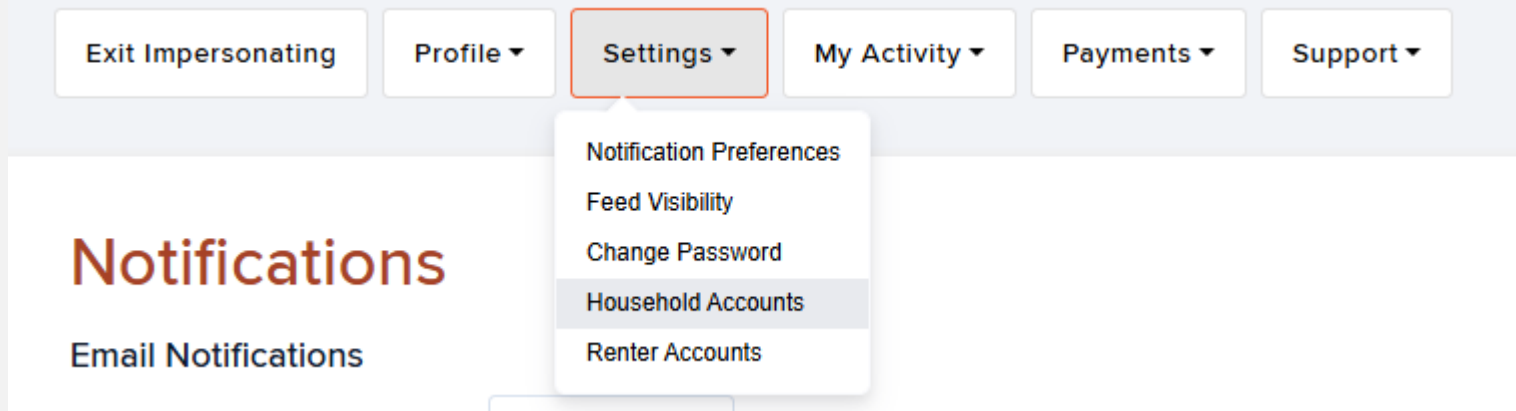

Step 1: Click **My Account**

Step 2: Click **Settings**

Step 3: Refer to **Settings** drop-down and select 'Household Accounts' or 'Renter Accounts'

How to Make Payments

Select Make a Payment and Enumerate Payments allows homeowners to enroll in Autopay, ensuring they never miss a due date. After you have entered credit card, debit card or bank account information and save the payment method, you can opt-in for recurring payments. On the **Enumerate Payments** page, select the **Enroll in Autopay** button.
